AmeriCorps

AmeriCorps Programs with Conservation Corps Minnesota & Iowa

Field Crews

Field Crews serve outdoors restoring habitat, managing natural resources, and occasionally responding to natural disasters or community needs. The **Veterans Corps** and **Iowa Monarch Habitat Project** are part of the Field Crew program.

Individual Placements

Individual Placement members serve directly with nonprofit or government agencies focused on natural resource management, water quality, community outreach, and more.

Summer Youth Corps

Youth participants connect with the outdoors through paid hands-on conservation work during this summer residential program. AmeriCorps members spend the summer living outdoors while leading and supervising the youth. Summer Youth Corps is dedicated to accessibility for the Deaf/ Hard of Hearing community and runs ASL crews.

Youth Outdoors

Twin Cities youth connect with the outdoors through paid hands-on conservation work and community improvement projects. AmeriCorps members lead the youth in educational and service-learning activities and serve as Field Crews when not leading youth. The **I Can! Outdoor Skills Program** is a seasonal AmeriCorps opportunity within the Youth Outdoors program.

Minnesota Energy Climate Corps

Climate Fellows audit energy efficiency in public buildings and increase awareness of options for lowering energy costs and reducing greenhouse gas emissions. Fellows get paid to gain the skills and experience needed to be successful in a clean energy career.
