

WE ARE HIRING!

**Natural Resources
Conservation Service - Blair**

SOIL CONSERVATION TECHNICIAN

- Duties: Surveying and engineering to design soil and water conservation practices. Working with landowners to address natural resource concerns and develop conservation plans.
- 40 hours/week. \$20 - \$24/hr plus benefits. Holidays and paid time off.
- Requirements: High School diploma (agricultural background preferred).

Full-time, temporary position working under a contract with Career Management Associates. This position often establishes a path to a full-time permanent career with the USDA Natural Resources Conservation Service (NRCS).

Supply a resume and transcripts to the Blair NRCS office located at 1060 Wilbur Street Blair, NE to apply.
